in Athens

London, Nov. 19.—Queen Mother Olga, who has been regent of Greece, has issued notice to the Greek people, according to a dispatch to The Times, that she has taken office in conformity with the constitution, "on account of the absence of my well-beloved son, Constantine."

She calls upon the people to maintain order and to do nothing calculated to compromise national peace and prosperity. She expressed the hope that the people and the army, wherever soldiers may be fighting for the national rights of Greece, will do their duty by the country.

General political amnesty has been proclaimed in Athens and all political prisoners have been released.

"Among the moderates of both parties," the dispatch continues, "there is satisfaction that M. Rallis has accepted the premiership at this critical moment. It remains to be seen, however, whether he will remain in power after the chamber of deputies meets."

SPAULDING BASKETBALL SEASON ABOUT TO OPEN

Schedule of Games Partially Arranged

—Wayne Perry Elected Manager

—Northern League Championship at Stake.

The basketball season at Spaulding high school opened for 1921, officially Wednesday, when the athletic association of the school elected Wayne Perry manager of the team that's out to win laurels for the season in the Northern league, as well as the silver cup, glittering now in the showcase in Montpelier high school.

Five years ago a league was formed by a group of schoolmasters, and as an incentive for the promotion of basketball in the schools a silver cup was placed before them as a trophy for championship teams. The school having the first three championship teams would gain thereby undisputed title to the ownership.

Upon the cup was inscribed each year the name of the team winning honors for the season, Montpelier high winning it two years, Burlington high once and Spaulding high twice.

Spaulding's coach is going to put into form, if possible, a championship team. Actual practice will not begin until after the close of the football season, nearly every basketball player being included in the football squad. Therefore, the varsity first will not begin to shape up until about Dec. 1.

A basketball manager is another spoke in the wheel of athletics at Spaulding, it might be said, since no such official has been connected with Spaulding's basketball teams during the past few years. Principals Hunt and the coaches having assumed that office during the past.

Before Mr. Perry was chosen, however, the league schedule had been completed, but there remain about six more dates to be filled with Goddard seminary, Montpelier, and Burlington high of Burlington.

The schedule for the league games is as follows:

January 7—Burlington high at Barre.

January 14—Montpelier high at Montpelier.

January 21—St. Albans high at St. Albans.

January 28—People's academy at Barre.

February 4—Waterbury high at Waterbury.

February 11—Burlington high at Burlington.

February 18—Montpelier high at Barre.

February 25—St. Albans high at Barre.

March 4—People's academy at Morrisville.

March 11—Waterbury high at Barre.

It will be noted that 10 league games are scheduled and about six other games pending.

Meanwhile the girls' basketball team of Spaulding is losing no time for preparation, having already begun practice in the gymnasium under the captaincy of Miss Florence Sellers.

A challenge has already been received from the girls' team of Bethel. Miss Eva G. Smith managed the team last year and will perform similar duties this year.

CLOSED PORTS TO DEPORTEES

Scandinavian Countries

Unwilling to Receive

Russian Radicals

WAITING TO BE SENT

FROM UNITED STATES

That Explains Delay in De-

porting the 500 Radicals

Now Held

Washington, D. C., Nov. 19.—More than 500 Russian radicals remain to be deported, it was said today at the department of labor. All except 40 of these are at liberty on bail but the others are held in confinement at Deer Island, Boston, and Ellis Island, New York, as they are regarded as too dangerous to be allowed at liberty, even temporarily.

Delay in deporting the Russians is explained at the department to be due to a refusal of the Scandinavian countries to receive the deportees and to the closing of the frontier between Finland and Russia.

Negotiations between this country and Estonia looking to sending the Russians home through Estonia soon are to be resumed, officials said.

By an informal arrangement concluded some time ago between the department of labor and the Canadian immigration authorities, a few of the Russian deportees who were willing to return voluntarily at their own expense to soviet Russia were turned over to the Canadian authorities at the border where they were placed on commercial liners sailing directly to Germany. There were some 50 of these who, having arrived in Germany, had their passage expedited through that country to the Russian border.

LEAGUE ELECTS

VICE-PRESIDENTS

Council at Geneva Proceeding Slowly

With Business Before It.

Geneva, Nov. 18 (By the Associated Press).—The report of the council of the league of nations was again before the assembly of the league for consideration at today's session as was the election of six vice-presidents who, with the chairman of the assembly's six commissions, will comprise the bureau or executive committee of that body.

The character of the subject under discussion opened the way for anyone with something to say to take the floor and say it, thus holding out the possibility of an extended debate ranging over the entire scope of the league's activities.

Quisling, president of the Swiss confederation, today was elected honorary president of the assembly.

Baron Hayashi asked the delegates to vote for Viscount Ishii, Japanese ambassador to France, as Japan's candidate for a vice-president.

It developed today that C. J. Doherty, Canadian minister of justice, had become a victim of one of the high-speed translations made during the assembly's proceedings. The translator made him say that Canada would abstain from voting on the message of sympathy offered in the assembly for transmission to President Wilson.

Mr. Doherty at once corrected the mistake, but the correction got lost in the confusion and the incorrect version of the

delegate's remarks became widespread. The six vice-presidents elected were: Viscount Ishii, Japan; S. A. Van Karsbeek, foreign minister of Holland; Honorio Pueyredon, foreign minister of Czechoslovakia; Sir George E. Foster, Canadian minister of trade and commerce, and delegate Octavia of Brazil.
